# FACILITATOR GUIDE

---

## Session 13: The New Evangelization

---

### Primary Presentation Objective

- Learning “how to do” the New Evangelization. We are being sent out by the Church as laymen to make Christ known to the ends of the earth. This starts within our own circle of influence.

### Secondary Presentation Objectives

- Knowing your battle ground: Learning and counteracting the marks of a post-Christian culture.
- Challenging the men to grow spiritually and in their faith responsibility. Inspiring them to embrace the call and be a witness by both their words and their lifestyle.

### Essential Small Group Goals

- Help men have an honest and inspirational discussion. Let them know Jesus is calling them by name to enter into the work for the salvation of souls.
- Gratitude for an incredible semester of both content and small group brotherhood. Consider organizing a gathering over Christmas break to get together with the guys and maybe their spouses and families. This helps to solidify the bond of friendship.

### Questions from Video Presentation

- What differences are there in approach between a culture that has never heard of Christ vs one that has heard, but walked away from His Kingdom?
- What are common excuses you have made to not evangelize another?

### Supplemental Questions

- How did the Holy Spirit speak to you personally through the session today? What struck you most profoundly?
- Did you recognize our society as a post-Christian culture? What did you think of the marks of a post-Christian culture?
- What impact does that have on your life and your family? How can you evangelize in this environment?
- What aspects of Gomer’s points on “How to Do” the New Evangelization struck you or convicted you? How can we do better?

### Next Semester!

- Speakers: Dr. Scott Hahn, Dr. Mark Miravalle, Michael Gormley, Mark Hartfiel and Steve Bollman.
- Topics: The Secret to the Holy Spirit, The Fatherhood of God, St. Joseph, Angelology, All Things New!
