

Primary Presentation Objective

- Christ desires to shine through your wounds. The sharing of one man's wounds and process of healing can help the men in your small group open up.

Secondary Presentation Objectives

- Bring hope to men who may be struggling with deep wounds.
- Lead men to the mercy of Christ in the sacrament of confession.

Essential Small Group Goals

- An honest and authentic discussion about where the men are in their spiritual lives.
- Continue the process of conversion. Continue working on your spiritual life with the support and accountability of the group.

Questions From Video Presentation

- In your spiritual life right now, are you heading away from the Father and leading a life of dissipation? Are you heading back to the Father in a spirit of conversion? Or are you kneeling at the feet of the Father receiving forgiveness and getting your marching orders for the spiritual battle ahead? What is holding you back from your spiritual progression?
- Have you ever said to yourself "There is no way God can forgive me for my sin."? In what ways does this doubt minimize the ultimate sacrifice of Jesus on the cross? Do you really think that Jesus is not waiting for you to come and reconcile with Him?

Supplemental Questions

- What struck you in today's presentation and story of conversion?
- In what ways do you serve the 'least of my people'?
- Are there any areas you are holding back from the Lord? If so, why?
